

## Environmental Management Policy - ISO 14001: 2015 and Objectives. Policy Statement

J R Wholesale Ltd is committed to conducting its business with respect and caring for the environment.

The Managing Director of J R Wholesale Ltd regards the promotion of environmental measures as a mutual objective for management, employees at all levels and those working for or on behalf of the company. J R Wholesale Ltd is committed to providing the resources necessary to fully implement J R Wholesale Ltd.'s environmental policy which is designed to satisfy the requirements of ISO 14001:2015 Standard and operate environmental best practice throughout the company.

The company will carry out its activities with consideration to the environment and as part of the process to prevent pollution and minimise waste.

In order to meet the above requirements, J R Wholesale Ltd will:

- ▶ hold all employees and contractors accountable for environmental performance of their areas of responsibility.
- ▶ monitor its use of energy, transport and natural resources, with a view to reducing its impact on the environment.
- ▶ support process modifications and products which reduce pollution and waste and encourage recycling.
- ▶ maintain sufficient documentation which demonstrates compliance with the environmental requirements.
- ▶ work with its contractors and suppliers to promote positive environmental actions in accordance with its stated objectives.
- ▶ comply with all applicable environmental legislation and other recognized/relevant requirements that may be placed upon J R Wholesale Ltd by its customers.
- ▶ assess, in advance where possible, environmental impacts resulting from

Business operations and the environmental effects of any significant development, and adjust the company's plans; accordingly,

- ▶ ensure that all incidents and non-compliance situations are reported and recorded and root causes are identified where environmental harm occurs or could have occurred. In addition, ensure that corrective and preventive actions are implemented.
